

The research title is missing
The critical analysis of each paper should be consolidated into a dedicated section, rather than being included within individual study reviews. Remove the heading "Summary" while retaining the content and ensuring it is integrated cohesively into the discussion. Additionally, ensure that each study clearly presents its methodology and results, including quantitative outcomes where applicable.

Research Methodology in Computer Science (AI800)

Assignment 1 Rubric

Weighting: 20%

20/23

17/20

Criteria	Marks	Description
