الواجب الاول

خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

١. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
٢. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
٣. اكتب مقالاً **من أربع فقرات** يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

Mohammad Ali Clay

Today I would like to talk about one of the leaders, I think he is one of the leaders who influenced people and learned from him, Muhammad Ali.

Muhammad Ali, was an American professional boxer, activist, entertainer, and philanthropist, nicknamed (The Greatest), he is widely regarded as one of the most significant and celebrated figures of the 20th century and as one of the greatest boxers of all time, fought not only within the boxing ring but also as a vocal advocate for civil rights and other causes. Ali earned the world heavyweight championship three times.

The reason for choosing Muhammad Ali for this assignment, first, because I like sports in general, and because I learned a lot from his personality and leadership, and he is my role model in sports, and I think his leadership was effective because people learned so much from him.

Muhammad Ali has inspired people all over the world and in all of life, not only did he break into the boxing world, but he also taught us all a few lessons, when it comes to leadership, there are many different lessons we can learn from Muhammad Ali. And I think Muhammad Ali's leadership style is (Coaching Leadership Style) because people learned a lot from him and he always motivated them and encouraged them to achieve their dreams and also (Charismatic Leadership style), because he had distinct and influential charisma, and his character was strong, distinctive and very leadership.

And from some of the situations or sayings of Muhammad Ali that I liked,

“ Believe in yourself ”

One of his greatest assets was his belief in himself and his abilities, his life was a testimonial of how far self-belief and affirmation can carry oneself. Ali has often said that he began believing he was the greatest before he became the greatest.

As leaders, it's important to cultivate self-belief as well, it's crucial to not just think, but know that we are more than capable of the task before us. Before you can achieve victory on the outside, you have to achieve victory on the inside.

And from leadership Lessons from Muhammad Ali.

“ Envision your desired future “

Muhammad Ali not only believed in himself, he constantly articulated his vision for his future, before he fought an opponent, but Ali would also not only tell an opponent he would be beaten by knockout, and he would even ‘predict’ the round.

While Ali’s predictions were used to intimidate his opponents, the principle is sound.

The power of a leader is his ability to envision the future and to couple that vision with the self-belief to see it through. Whatever you want to see happen in your life and your organization, start by envisioning it and then articulate it to your team.

Last but not least, another great leadership lesson we can learn from Muhammad Ali is to promote resilience. No one is perfect. We all make mistakes. It is about the lessons you learn, and not making the same mistake twice. Give your team the resources they need to bounce back from errors.

As for my leadership style, I think I use more than a leadership style, like (Coaching leadership), because I always help my team and support them to get more skills, advise them if they need advice, and always motivate them to achieve the goal.

Also use (Transformational / Visionary Leadership Style), because I trust my team at work, and I like to work with them, we work together, and I always motivate them and looking for the best, and I always have a vision for the future.

I think it is very effective with me and with my team at work.

Finally, I think leadership is an important function of management that helps to maximize efficiency and to achieve organizational goals.
