

Dear Maria

I am so happy to write you. I hope you are great. I send this email to tell you about myself. I am a colleague of yours from Princess Nora University. I am a student at the Business Administration College. My name is Rahaf. I am originally Egyptian, but I was born in Jeddah and I live in Riyadh. I am married and I have two children, a girl and a boy. My daughter is Leena and my son is Ahmad. In my free time, I like to read the newspaper or play basketball with my children, and also go to the shopping and every weekend I go to the swam. I love rock music and I hate the cooking. I usually wake up at 8:05 AM. In the end, I hope to see you soon.

Best wishes
Rahaf
