PROJECT LEADERSHIP

Grate leader in Saudi Arabia on 90th

Dr. Ghazi al Gosaibi is one leader from too many leaders on Saudi Arabia, but why I chose Dr. Ghazi because he makes great image in a lot of areas between reading story books about him or watching interview with him on TV. Dr. Ghazi make a sophistication in our culture, however his style is transformational and visionary .

His thought still in live because hi make them visible and drive the change in his country, and he has several skills was use by him. He chooses the best channel to communicate

his audience by writing books to lead the change and using positive style in his writing books and make stories. Long-tram ideas creative to make emotions changing in great influence with encourages other to be a part of the change not only his vision but he makes other to be involved into it. People still now read his books and continue following his and our vision to be great country in the world by our knowledge was created by Dr. Ghazi .
