PROJECT LEADERSHIP

الواجب الاول

خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
2. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
3. اكتب مقالاً **من أربع فقرات** يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

Steve Jobs

When we talk about global feats in technological achievements. It is necessary to touch upon the most important of these personalities who is Steve Jobs. Who is one of the pillars of blatant landing technology? Steve Jobs grew up in an environment that supports engineers. His father was working in the field of electronics taught him from an early age how to disassemble and assemble electronic tools in the home garage. That is the same place he turned into a place where Steve spends his time with his friend Stephen Wozniak, his partner who founded With him, Apple later. I picked Steve Jobs over the other leaders because of my love for technology. He was an effective leader, generating global benefits and making other companies think of other ways to compete.

It follows authoritarian approach / leader / leader / autocratic leadership style. Steve Jobs was a leader who had a vision for the future, but he was at the same time a strange-tempered, irritable, impulsive, bold-tongue, but he managed despite all this to lead Apple to success from its inception in 1975 until today thanks to that vision that he had, which was often correct. I chose this style for him because of his responsibility. He was focus on the future. He also had a goal to develop technology, which is one of the reasons for the success of Apple today.

Because I support Apple, I preferred to talk about it. Because he had a great impact on Apple. Also, on competitors in terms of raising the level of the competition between them and became imitating what Apple does. Also, affected me not to accept any event that happened in my life. He was publicly expelled from Apple, but he did not accept the status quo and eventually returned to Apple and succeeded in reviving its movement and returning it to its main path by focusing on consumer devices.

I have not undergone experience to determine my type of leadership style, but I expect to follow the subordinate leadership style. It is important to me that the team works with one spirit and to create among them a spirit of honest competition. I do not want any problems among the team members that affect the work. Love must be present between them. And most importantly, I did not like to wrong anyone.
