(Discuss the relationship between Functions of Management and function of project)

(ناقش العلاقة بين وظائف الإدارة ووظائف المشروع)

First let us know what is Function of management and project mean?

process involving responsibility for economical and effective planning & regulation of operation of an enterprise in the fulfillment of given purposes. It is a dynamic process consisting of various elements and activities. These activities are different from operative functions like marketing, finance, purchase etc. Rather these activities are common to each manager irrespective of his level or status.

and both applications of principles in harnessing physical, financial, human, and informational resources efficiently and effectively to achieve organizational goals, and I mean by this each one of Function project (**product, marketing Human, resource, finance**) use the four process of management (**planning, organizing, leading, controlling**) to achieve goals.
