Assignment #1: Modern project leader

They are different styles of project leader where each one has own skills and to run the project. Usually, the project leader chosen as the project requirement since some of the project leader style might impact the outcome negatively. In this assignment I would select Majesty Sultan Qaboos *god blessed as he considers as democratic leadership style and I believe that he able to success improving lifestyle of Omanis. At the same time, he could obtain the satisfaction of huge number of citizens.

Majesty Sultan Qaboos always prefer to involve everyone his ministries for finalization a decision which might some of them his no direct impact. There are difference style of his team remembers whin high qualification and participate. The knowledge of all desertion is shared for consideration. The outcome for any project beast of the quality of requirements needed.

The media show his personally which is impact the country of listening and publishing the info. for the plan.

All in all, I believe my personal project leader style affiliative leadership style since I would always prefer to emotional and physical health are matter.
