Ill Choose Prince Mohammed bin Salman bin Abdulaziz AL Saud as a Leader MBS country's deputy prime minister & Chairman of the Council for Economic and Development Affairs, Chairman of the Council of Political and Security Affairs, and Minister of Defense.

My choice Prince Mohammed because he's become an influencer of the leadership and how change our income in the KSA from 2017 up to now.

And he's considering under 2-Authoritarian / Commanding Leadership style.

By moving KSA to the top place around the world in all fields such as sport, technologies...etc.

It's a great thinking investment and improvement in sciences such as students, They make a lot of alternative strategies to find the best solution such as: "Carbon management and energy technologies", "energy efficiency",

That's make me think out of the box for solving & analysis our problems.

Strong leadership come from the strong knowledge.

My style in leader ship some time using my knowledge to increase the quality and that was never end for me or for any job
