

Revise the title to make it more concise and specific, as the current one is too broad.
For each reviewed paper, provide a clear and concise summary in a single comprehensive paragraph, including the study's objective, methodology, and key results.
Create a dedicated section titled Critical Analysis to evaluate all studies collectively, rather than embedding critiques within individual summaries.
Ensure each review includes proper in-text citations, and report quantitative results where applicable

Research Methodology in Computer Science (AI800)

Assignment 1 Rubric

21/23
18

Weighting: 20%

Criteria	Marks	Description
Research Title	2	The research title is clear, concise, and directly relevant to the topic (2 marks). 1
