خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".

 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟

 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

King
**Abdul Aziz bin Abdul Rahman
Al-Faisal Al Saud**

King Abdulaziz was born in Riyadh city in the year 1876, King Abdulaziz was fond of horse riding, he was known to be very brave, courageous, daring and was of good manners. He accompanied his father in his journey to the Badiyah. But on the 15th of January 1902 King Abdulaziz was able to enter Riyadh City victoriously and the Arab peninsula witnessed a new era. He took over both the political and religious powers when his father, Imam Abdurrahman bin Faisal stepped down for him. Royal Decree was issued declaring all parts of the Kingdom united, under the name "Kingdom of Saudi Arabia" and his title was King of Saudi Arabia. King Abdulaziz chose Thursday the 21st of jumadah al Uola to declare that unity. Now this is the national Day of Kingdom of Saudi Arabia. During his reign, two crossing swords and a date palm between them was chosen as an emblem for the newly established Kingdom. **The main reasons behind why I selected him**, King Abdulaziz was known to be very courageous, he led his soldiers very successfully in all battles he fought. He was also known to be a highly capable military man who drew successful plans and implemented them courageously where he was able to win battles by exploiting his enemies mistakes. Sure, he was **effective leader** based on what he already accomplished for unification of the kingdom of Saudi Arabia.

He was a compilation of different leadership styles before and after being a king based in the situation he faced or based on the character he must be to make that decision. **He was born as a leader** so, **he had the charismatic style** to effect in the others and **he was willing to take the risk** at that time when he tried to unify the kingdom through a long journey that **inspired his team and encouraged, motivated to make clear goals and visions** about collecting the diaspora, restoring security, and confronting the chaos that prevailed in the Arabian Gulf to build a great country that one day will lead the whole world.

With the desire to develop and revive the country, King Abdulaziz was one of the geniuses who provided a great service to their countries by his mighty efforts. After uniting the Kingdom, the democratic leadership style was applied. So, he was known for his great respect for the scholars and spending the time to hear from them which is best for the country and the people. In that time, he makes a Shura Council and the scholars were participate in making decision.

The leadership situation that affected me and made me choose to talk about King Abdulaziz when he directed at the beginning to pay attention to the Two Holy Mosques and their expansion, to serve hajj and umrah, as well as to start opening school, establishing hospitals, building villages, reforming the soil, settling the desert, and exploring irrigation water in order to support agriculture, exploration of oil and gas wells in order to start the investments. And because of this effort I chosen for him the charismatic and transactional leadership style because he dreamed on day to have a great country its people enjoy security, education and comfortable life.

My leadership style is Coaching and Pacesetting, due to the short duration and the huge work in king Abdullah financial district KAFD Project. I have to improve my team skill to meet the required quality and specification, motivating them to achieve the delay, weekly, and monthly targets, in the same time I have to keep them in high performance, high pace and high quality to achieve the best productivity.

Coaching is the most style I use that let most of my team support and fighting for me and for the productivity of our objectives and goals by sharing with them the responsibilities and telling them how to reach goals by which techniques and rewarding them at the end. Because when every activity ends another activity have to start and no time to take rest and because of the nature of the project two of the team they abandoned the project at an embarrassing time. I see the my style was effective to the project
