

- Refine the research title to be more specific and clearly aligned with the core focus of your study.

-Present the literature review in paragraph form rather than bullet points, ensuring a smooth and cohesive narrative.

Include proper in-text citations for all referenced studies, following the required citation style. Additionally, each study should be thoroughly reviewed, highlighting its objectives, methodology, and relevance to your research.

Research Methodology in Computer Science (AI800)

Assignment 1 Rubric

15/20

Weighting: 20%

19/25
