

- A more specific and appropriate research title is required.
 - Rewrite the literature review so that each study is presented in paragraph format rather than as bullet points.
 - Ensure all studies are properly cited using in-text citations that follow the required referencing style.
- Additionally, provide a comprehensive review of each study, including key elements such as the study's objectives and methodology.
- Revisit the reference list and ensure it follows the standard referencing style consistently.

Research Methodology in Computer Science (AI800)

Assignment 1 Rubric

22/25

18/20

Weighting: 20%
