DEAR ALMAS

Good morning, how are you? I am your colleague Ebtehal. I congratulate you for joining our university, and I am happy that we will study at the same class, the staff at our university are professional and caring about their students, I like project management subject and I wish you share with me the same, write to me about what are subjects you like.

Beside studying, I am doing part time job as an advertisement designer and I do online Marketing as well, and I have some my hobbies like traveling, reading. I hope we meet at our university face to face after Corona pandemic goes away and end.

Best Regards,

Ebtehal
