أمنياتي بالتوفيق.

Throughout this course you have learned about the different types of risk and how businesses manage them. Now you will be able to see how it is done in a well-known company.

Your assignment is to choose one of the following companies:

Saudi Aramco

The National Commercial Bank

Saudi Telecom Company

Do some research on any of the aforementioned companies and identify four risks they are facing.

For each risk please answer the following:

1. Why is this a risk?
2. What type of risk is it?
3. What is the likelihood of the risk? How great is the impact?
4. What strategy or policy does the company use to manage the risk?

** Your answers could either be in Arabic or English.

** You should submit your assignment in a pdf formatted file.

** Font size should be 12.

** Font type is Arial.

** Line spacing is 1.5.

All the best.

At the beginning in this exercise I will pick Saudi Telecom Company (STC) to talk about their risks

The risks facing	Why is this risk	What type of risk is	What is the likelihood of the risk? How great is the impact	What the strategy dose the company use to manage the risk
External cyber threats	Because this will affect the Communication networks and information technology infrastructure	Opportunity risk	High likelihood High impact	Network and IT teams work proactively to identify and reduce potential computer security risks and detect data privacy breaches.
Competition and price pressures	Because in the telecom markets there are a lot of level of competition and the deference between them in prices and services might will cause lose a lot of clients.	Opportunity risk	High likelihood High impact	They should hair a team that responsible to see what happen in the market and how to help the company by making good offers to the clients.
Service continuity	Telecom companies face threats from network outages due to natural events or events beyond their control	Opportunity risk	low likelihood High impact	The company should do their maintenance and test for their networks monthly
Lawsuits	Telecom companies face lawsuits from clients or organizations or from Saudi Communications Authority.	Compliance risk	low likelihood low impact	The company should hair a legal team to be responsible and make sure STC follow the instructions and regulations.
