

## Answers for (Ashwaq Almohaimeed)

```
n=int(input("ENTER NUMBER"))
sum=0
for num in range(1,n+1,1):
    sum=sum+sum
print("Sum of first", n, "numbers is:", sum)
```

```
list = [5, 10, 15, 20, 25, 50, 0]
index = list.index
index = list.index(20)
list.append (3)
print(index)
print(list)
```
