Assignment (1)

During our study about Leadership, we learned the difference between manager and leader, adding to that we studied traits, and styles of leaders and leadership.

In our first assignment, you will research and write about **a modern project leader** of your choice . Carefully consider his traits, styles, and detect any different situations for his/her leadership in today's organizations.

Your Task

1. Select a leader either a “good example or a bad example.”
2. Research your chosen leader, identifying **evidence** of his/her traits, styles, and leadership situations.
3. Write a **four-paragraph essay** profiling your chosen leader.
 - First, introduce your leader, and state why you selected him/her. Was their leadership effective or not effective?
 - Next, detect the traits and style of your leader, and why you chose that style for him/her?
 - Next, describe the leadership situation your chosen leader was in and so you chose for him that style?
 - Finally, conclude with a short description what is your personal leadership style and how effective it has been for you?

Best of luck..

الواجب الاول

خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
2. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
3. اكتب مقالاً **من أربع فقرات** يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

As increasing demands are made on all organizations and countries to improve their performance, to anticipate change, develop new structures and raising economy, effective leadership performance may be essential to ensure that change leads to increased effectiveness, efficiency and profitability, Saudi Arabia has established the process under supervision of HRH Muhammed Bin Salman. A Transformational or visionary leadership style HRH he has by announcing the Saudi vision 2030 and led it so far by a tremendous success, his character has inspired many around the globe due to the effectiveness of his leadership style.

A personality style that would ask others to join up into building success, also this kind of leadership mostly has integrity, defines clear goal and encouraging into making the clear steps onto communication and results. Upon HRH leadership style, can combine the best practices and be trusted to motivate others as well. These traits or style of his character can be seen everywhere, either by announcing the new mega project or presenting them himself, the noticing part is how he is presenting these projects to the world and not just the kingdom of Saudi Arabia, inspiring. It requires a number of skills to acquire such character, and its primary focus is to make change happens, either in our self, others and organizations.

Reforming the kingdom into something that we have been dreaming of and making it real made us want to be part of upcoming success that we clearly can see on the horizon. Standing up for the corruption nationwide, bringing up economy into a new level of height, empowering woman, equity and equality between all, restructuring the private sector by adding more investment which provides more indirect jobs to support employers to hire more employees. HRH gives us hope for a better and brighter future for our kids. In order to make the vision in reality, we need to believe in it, HRH with his optimism successfully made it happen.

An emotional leadership could bring more success than it could harm the organization, it would make the harmony swim in the work place among the workers and add positive feelings about the work they do and it brings employees closer to each other (team building). Creating a personal connection between employees and managers it breaks down the negative prestige between them, also it builds up a community of trust. Trying to affect the emotional mental of the team has a positive impact, nevertheless, it is good for teams morale boost. Affiliative leadership style can have a negative side, abusing these feeling and it mostly will affect the work place, although it is doable to avoid such results. That would be me and my personality/character based on previous experiences had on the past.
