الواجب الاول

خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
2. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
3. اكتب مقالاً من أربع فقرات يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

Leadership is science that is focusing on a practical skill encompassing the ability of an individual person to "lead", influence or guide other individuals, teams, or entire organizations. However, many studies have been made about this term and found that the influencing on those leaders are huge on their followers. Moreover, those studies are found that there are many styles for leaders and each one is having traits. However, our leader today is considered one of characters that some people see him as a great and some see him as one of worst character that the history mentions it. Our leader is Saddam Hussein which is in my opinion one of leader who have a bad influence affect on his followers. Although many people see him as a hero and the way he was judged and died was not fair, but I believe these was the expected end for leader who have that personality and behaviors.

Saddam Hussein was one of the characters who possessed many traits, so he deserved the title of leader, as he was a person with a vision, an ambitious, attentive, as well as a desire for success. However, with all these traits but we consider him as autocratic, because of many reasons. Truly he had a desire for success but he as tyrant he executed the most important members of his Ba'ath party when he launched the coup and seized power and he practiced mass murder, torture, and assassination of his own people without a trial. Moreover, although he had a vision, but it was not realistic since his dream is to control all the Arab world under his empire, he was thinking and making the decision and rarely take the consults of his ministers. However, Saddam also carries another style besides being a dictator, he was a coaching leadership style. Saddam through his speeches to the people and the army, he used the method of motivation as he used influential words to touch people's feelings to believe in him and his promises. He used to delude his people that they are the best nation, so that the wars he wages were in their interest to rule the world since they deserve it.

The situation that influenced me for choosing Saddam Hussein as a bad leadership is the Gulf War and his occupation of Kuwait. Saddam Hussein stormed Kuwait at night, throwing the neighbor's right across the wall, as well as his promise to President Hosni Mubarak to work to calm things down and sit at the discussion table to reach solutions that satisfy all parties. In this war both style autocratic & coaching were very straightforward, because after his occupation of Kuwait, he carried out executions and sabotage with the aim of intimidating people, also he was not listening to the world calls to go out from Kuwait. He was believing that Kuwait is part of Iraq and it should be back, and he was keep repeating in his speeches that 'the branch is back to the original'.

In conclusion, to be a good leadership and wants the history reminder you as a one of the great and influencing character you must believe in yourself as a part of this world and by collaborate of people, we can all win and make the world around us better. However, the style that is making this true is democratic style, which is the style my self believes in and it is my way to lead my team. I love to involve my team in making decision although the final decision will be main but consulting them is one of the best ways to make them believe that they are responsible as me and that will encourage them to do and think better, because they will feel that they are part of the team and we cannot win without each other.
