Instructor's Name: Dr. Walaa Mohamed

Question:

Al Baraka Construction Company will start a project to create a residential compound in a new city:

- 1- Put phases of project management and activities that will be done inside each phase from your point of view.
- 2- You are required to identify all the internal and external stakeholders of this project from your point of view.

السؤال باللغة العربية:

ستقوم شركة البركة للإنشاءات ببدء مشروع لعمل مجمع سكني بمدينة جديدة:

- 1- ضع مراحل إدارة المشروع والأنشطة التي ستكون داخل كل مرحلة من وجهة نظرك.
- 2- وحدد كل أصحاب المصالح الخارجيين والداخليين في هذا المشروع من وجهه نظرك.

الإجابة:

The project phases is:

1- initiation phase:

The idea is a residential compound in a new city it is implemented by Al Baraka Construction Company, and the site of the project has chosen by the company very carefully.

2- Definition phase:

The entire project space is 500 square kilometers and it's very vital regard to services, it has schools, hospitals and a lot of green areas.

3-Design phase:

This project includes over a 50 villas, each villa consists of 3 floors each villa has a swimming pool.

And it includes a supermarkets, school, hospital, mosque, gym, security building, and sewage building also it has a huge garden in the center of it.

4-Development phase:

We'll need to provide some materials like concrete, cement, iron, wood, bricks, white sand, gravel, paints and so many other materials.

5-Implementation phase:

Starting implementing the project , the project is now visible to everyone.

6-Follow-up phase:

Maintenance and construction has been followed up and a final project report was made and a website has been opened for inquiries, and an opening ceremony was held.

The internal and external stakeholders of this project:

The internal stakeholders is:

Owner – CEO – all the managers – project team – clients.

The external stakeholders is:

Competitors – suppliers – companies – government – citizens.
