Mohammed bin Salman bin Abdulaziz Al Saud

(The Most Influential Leaders In The World)

Mohammed bin Salman bin Abdulaziz Al Saud (MBS), Crown Prince of Saudi Arabia, and Deputy Prime Minister in addition to being the Minister of Defense. He also chairs the Council of Political and Security Affairs as well as the Saudi Economic and Development Affairs Council. He is the son of King Salman bin Abdulaziz Al Saud.

In only a few years, **MBS** has become the dominant force in Saudi Arabia and one of the most dynamic and scrutinized leaders in the world. The Saudis during the past few years have been influenced politically, economically and socially, through the courageous decisions taken by the Crown Prince, whether in internal or external affairs. It has risen dramatically and with high quality towards achieving the major national goals. Moreover, **MBS** has not only gained more control over his own country but doing so has made Saudi Arabia more powerful both politically and financially.

In 2017, he was named as “**Person of the Year**” by Time magazine. He was also chosen by the American magazine Foreign Policy among the most influential leaders in the world in its annual list of the world's 100 most important thinkers for the year 2015. And in 2018, Forbes magazine named him among the Forbes list of the most influential people in the world.

Perhaps among the most prominent of his **traits** are: honesty and integrity, bearing the responsibility entrusted to him, self-confidence, desire to lead and ambition to succeed in work, adaptable to situations and the ability to make sound decisions in all circumstances, mutual trust between him and his team, having a future outlook, so intelligent and possessing job relevant knowledge in what he is doing, extraversion and other traits that contribute to the leader's success in his mission.

MBS has different Leadership Styles that he is using based on the situations. Some of these **Leadership Styles** are: Transformational leadership, Authoritarian Leadership, Charismatic Leadership and Democratic Leadership. These are some leadership situations that demonstrates his leadership style.

Transformational leadership:

The greatest example of this inspirational ability is what Vision 2030 has done, which is a product of the leadership creative thinking of his Highness the Crown Prince, by transforming it from mere ideas he has, until he made them work programs, plans and ideas that all citizens and residents of this great land work on. Vision 2030 seeks to make Saudi Arabia non-oil based economy and the large developments at the Red Sea, Qiddiya and, NEOM, are part of the efforts to lure in investors and promote tourism sector.

Authoritarian Leadership Style:

When the state of Canada wanted to interfere in the internal Saudi affairs, the Saudi leadership, led by the king and his crown prince, issued firm orders that led the situation as circumstances required, as it resolutely cancelled new deals with Canada, ordered students there to leave, and informed the Canadian ambassador that he was not welcome and he should not sit in the Saudi lands for more than 24 hours, this strength in leading the situation according to his requirements, he presented global messages with the solidity of the great Saudi leadership, and that it is aware and aware of the positions and deals with every situation as it should.

MBS is my role model especially when it comes to leading and driving results. Basically, I prefer to change my leadership style based on the situations. I have been assigned as a leader to implement GPS System in the company. I experienced **Coaching Leadership style** when I was training and monitoring my team. **Affiliative Leadership Style** because I gave so much consideration to each individual to boost their moral and reduce stress in the workplace. **Transformational Leadership Style** as I set positive vision in the future with defined and clear goals and able to influence and motivate my team members to achieve extraordinary outcomes. The implementation of the project has succussed as it planned for.
