Each proposal will be evaluated according to the following evaluation criteria:

	Accepted	Refused	Developed	Comment
1- Research Cover	√			
2- Research Title			√	It is preferred to mention the period of study to make the title more specific and informative and also it is preferred to mention which hospitals the private or public ones.
3- Introduction	√			
4- Study Problem	√			
5- Importance of The Study	√			
6- Objectives of The Study	√			
7- Study Questions			√	Missing the study questions which should be driven from the problem statement and consistent and relevant to the research objectives.
8- Theoretical Framework			√	It is preferred to draw from the previous studies a research gap that confirms the importance of your research. (Example for illustration: Is KSA literature missing such study and needs your research to fill such gap or not?)
9- Theoretical Premises of Study			√	Kindly note that since your research will employ qualitative and quantitative methods to test the hypotheses so we can't call the research descriptive we can say empirical.
10- Research Methodology	√			
11- Study Tools	√			
12- Fields of Study	√			
13- List of The References and Preliminary Resources	√			
14- General Comments (Optional)
