

Hi Dear: Noor

I'll start introducing myself first

I am Wjoud and I am 21 years old. I am from Riyadh and I love it that I live here. It is a beautiful city and most of my relatives live here that is why I love it here. I live with my family and I have an older sister. My sister is a very good cooker and she teaches me sometime. My mother is a doctor and she would like me to be a doctor too. My mother and I love to help people in need all the time. My father works at a bank. I am a good student and always get good grades on my exams. I would like to be a doctor like my mother to be able to help people.
