Instructor's Name: Dr. Walaa Mohamed

Question:

Al Baraka Construction Company will start a project to create a residential compound in a new city:

- 1- Put phases of project management and activities that will be done inside each phase from your point of view.
- 2- You are required to identify all the internal and external stakeholders of this project from your point of view.

السؤال باللغة العربية:

ستقوم شركة البركة للإنشاءات ببدء مشروع لعمل مجمع سكني بمدينة جديدة:

- 1- ضع مراحل إدارة المشروع والأنشطة التي ستكون داخل كل مرحلة من وجهة نظرك.
- 2- وحدد كل أصحاب المصالح الخارجيين والداخليين في هذا المشروع من وجهة نظرك.

الإجابة:

1.

1. Initiation Phase

is the beginning of the project. In this phase, the idea for the project is explored and elaborated. The goal of this phase is to examine the feasibility of the project.

2. Definition Phase

In this phase, identifying the expectations that all of the involved parties have regarding the project result.

3. Design Phase

. In the design phase, one or more designs are developed. The project supervisors use these designs to choose the definitive design that will be produced in the project. Once the design has been chosen, it cannot be changed in a later stage of the project.

4. Development Phase

During the development phase, everything that will be needed to implement the project is arranged. The development phase is complete when implementation is ready to start. All matters must be clear for the parties that will carry out the implementation.

5. Implementation Phase

The project takes shape during the implementation phase. This phase involves the construction of the actual project result.

6. Follow-up Phase

During this phase, everything is arranged that is necessary to bring the project to a successful completion.

2. Internal project stakeholders generally include the project sponsor, project team, support staff, employees, and internal customers for the project. Other internal stakeholders include top management, other functional managers, and other project managers.

- External project stakeholders include the project's customers (if they are external to the organization), competitors, suppliers, and other external groups that are potentially involved in the project or affected by it, such as government officials and concerned citizens.
