(Discuss the relationship between Functions of Management and function of project)

(ناقش العلاقة بين وظائف الإدارة ووظائف المشروع)

The functions of the management are:

- **Planning**
- **Organizing**
- **Leading**
- **Controlling**

The functions of the project are:

- **Product**
- **Marketing**
- **Human resource**
- **Finance**

The function of project will be under the umbrella of the function of management, the function of managing focus on the management side, make the plans and lead the company where the function of project focus on the product and how to sell it.

The planning is the important part of any organization where goals is set, and the best action set to achieve them.

No product can be produced successfully without proper plan.

Organizing and leading is very important for human resource, to make work move properly, we shall establish proper organization and lead it properly, the proper leading of human resource will make people give the best output.

All results and work progress shall be controlled properly, by monitoring and establishing measuring system which enable us to review the results and take action based on it.
