Mahathir Mohammed the prime minister of Malaysia from 1981 to 2003 is one of the greatest leaders in world who leaded his country to become one of the great countries in the world and he achieved his vision successfully.

I choose Dr. Mahathir because he wrote his name in the history as great Muslim prime minister who successfully changed the life of Malaysia and turned Malaysia into rich. Moreover, his leadership talent was highly effective on his country and his people. As a result of his leadership and vision he changed Malaysia from a rubber-dependent economic backward into a wealthiest nation.

He achieved his vision by using his ability of leadership skills such as influence, motivation, vision and good communication. He started with setting a clear vision after that he influenced and motivated the Malaysian people to believe in this vision and the ability of achieve it, this shows that, his skill to communicate message effectively to the people.

Mahathir Mohammad applied both autocratic and democratic style of leadership because sometimes he used his supreme power and being strict to implement the policies or plan to achieve certain objectives which are related to countries administrative and economic development.

Finally, Mahathir's style of leadership is similar to mine which is democratic. This style enhances me a lot in my work life because I concentrate on high quality of work.
