(Discuss the retaliation ship between Functions
of Management and function of project)

(ناقش العلاقة بين وظائف الادارة ووظائف المشروع)

The difference between management functions and project functions:

Management functions aimed at using the human and material capabilities available in the organization to best use and create the appropriate atmosphere in order to operate all available resources to the maximum possible capacities to achieve the desired goals at the lowest costs and include the functions of procurement, storage and sale

As for the project's functions, it is a group of activities related to the nature of the institution's activity, which varies according to the nature of the activity that the institution engages in, and it includes production, stores, purchases and sales
