(Discuss the relationship between Functions of Management and function of project)

(ناقش العلاقة بين وظائف الإدارة ووظائف المشروع)

Management functions are to achieve the organizational goals through employees and other resources. And that will be achieved by carrying out the functions **(Planning, Organizing, Staffing, Directing and Controlling)**

Project functions mean the set of activities related to the nature of the enterprise activity, which varies depending on the " nature of the activity carried out by the enterprise

for example, Functions performed in an industrial project include : **(Production, Stores, Procurement, Sales)**

in conclusion, we can say that Management functions are used and applied in every single function of the project for its success.
