Instructor's Name:

Eng. Amaal Aburumman

Answer:-

As am a project Manager I should start monitoring the current performance then initiate my movement to the improvement by planning, staffing , hiring , controlling the process the at the branch by my leadership , Motivating & communication skills.

And efficacy following day by day to figure out the problem for hiring skill people for handling the exact scoop for them to redesign and restricting the place to be more active with highly standard of performance and quality by using all channels such as meeting, connectingetc.

Communication and following with everyone to make sure everything to be on track and to solve all the conflicts can be happen.

Plan, Mange & control for efficiency communication between the team to get better results and feedback the managements about the changes happened.

With performance report about the speed up the project step by step with smart archive system for the project showing all the phases and schedule of the project to any one need it later.
