Section

Master

Date

**Thursday
18 / 02 / 2021.**

Course Code

(PMG511)

PROJECT LEADERSHIP

Instructor's Name:

Dr. Sara Adel

MY Project Leader:

Eng. Abdulrahman Salih

Traits, styles, and leadership situations:

- Insightful vision
- Innovation
- Influencing other
- Flexibility
- Positive
- The ability to make decision
- Striving for confidence
- Inspiring
- Communication

The leader that I have chosen is the CEO of Saudi Mills Company and x deputy governor of SAGO, who led the project of privatized Saudi flour mills with all cleverness, and determination.

The leadership style that my leader follows is **laissez faire delegate leadership**

His role in supporting management in decision-making instead of: oversight

Great confidence in his team and strongly support them

For me, I use the **Democratic leadership**, because I am working with highly skilled and experienced people. It's allow me to capitalize on my employees' talents and strengths.
