خلال دراستنا فيمقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي منالمواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
2. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
3. اكتب مقالاً **من أربع فقرات** يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

Martin Luther King Jr. is arguably one of the most well-known, effective, respected, and influential leaders of the 20th century. His strategic staging of non-violent protests and optimistic vision of a racially unified world where all human beings enjoyed the same economic and social rights was a strong reason for why I choose him, helped inspire millions, and contributed to the introduction and passage of both the Civil Rights Act of 1964 and the Voting Rights Act of 1965. Dr. King's leadership style was transformational which garnered him tremendous respect and admiration from the general public. His life and many laudable accomplishments are a testament to what can be achieved by leaders.

Dr. Martin Luther King Jr. was able to utilize many transformational leadership skills/factors to achieve success for the civil rights movement here in the United States. These included but are not limited to

Idealized influence: which is an emotional component of transformational leadership that is concerned with the charisma or likability of a leader. This is often connected to how an individual conducts themselves and how moral or ethical they are identified as being. Since Dr. King was idolized, respected, and considered highly ethical by his followers and many others, we know that his leadership involved some degree of idealized influence.

Inspirational motivation: which encompasses communicating high expectations to followers through the usage of symbols and emotional appeal to achieve a shared vision. He regularly delivered motivational speeches to the public that involved calls for action in the hope that citizens would be inspired to embrace his unique and positive vision for the future.

Intellectual stimulation: which entails motivating others to internally challenge their own beliefs and values. He used this transformational leadership strategy to convince citizens that it was worthwhile to reassess their preconceived notions about race, ethics, and social equality.

I choose Dr. Martin Luther King Jr. after I heard his famous speech (I have a dream) which I quote from it " I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin, but by the content of their character " I googled him and I saw a great leader who led his community in hard times " to a better life with a vision started with " I have a dream

For me, I'm more toward transformational leadership because I always like to rise the scale via a (VISION) in whatever I'm doing in my life. for example in my recent work the I managed to raise production by 20% in the first phase and now I'm leading my team toward a 50% rise in production regardless of the old machinery and shortage of manpower
