Assignment (1)

During our study about Leadership, we learned the difference between manager and leader, adding to that we studied traits, and styles of leaders and leadership.

In our first assignment, you will research and write about **a modern project leader** of your choice . Carefully consider his traits, styles, and detect any different situations for his/her leadership in today's organizations.

Your Task

1. Select a leader either a “good example or a bad example.”
2. Research your chosen leader, identifying **evidence** of his/her traits, styles, and leadership situations.
3. Write a **four-paragraph essay** profiling your chosen leader.
 - First, introduce your leader, and state why you selected him/her. Was their leadership effective or not effective?
 - Next, detect the traits and style of your leader, and why you chose that style for him/her?
 - Next, describe the leadership situation your chosen leader was in and so you chose for him that style?
 - Finally, conclude with a short description what is your personal leadership style and how effective it has been for you?

Best of luck..

الواجب الاول

خلال دراستنا في مقرر القيادة في المشاريع، تعلمنا ما هو الفرق بين المدير والقائد، أضف إلى ذلك أننا تطرقنا أيضاً إلى سمات وأنماط القادة والقيادة.

في واجبنا الأول، ستقوم بالبحث والكتابة **عن قائد مشروع من اختيارك**. ضع في اعتبارك سماته وأساليبه وأنماطه واكتشف أي من المواقف المختلفة لقيادته في مؤسسته أدت إلى اختيارك إياه.

مهمتك هي:

1. حدد قائداً أياً كان "مثالاً جيداً أو مثالاً سيئاً للقيادة".
2. ابحث عن القائد الذي اخترته، وحدد الدليل على سماته وأنماطه ومواقفه القيادية.
3. اكتب مقالاً **من أربع فقرات** يصف القائد الذي اخترته:
 - أولاً، قم بتقديم قائدك، واذكر سبب اختيارك له / لها. هل كانت قيادته فعالة أم غير فعالة؟
 - ثم بعد ذلك، اكتشف سمات وأسلوب ونمط قائدك، ولماذا اخترت هذا الأسلوب أو النمط له / لها.
 - بعد ذلك، صف الموقف القيادي الذي أثر بك وجعلك تختار الحديث عن هذا القائد. وأن لهذا السبب انت اخترت له هذا النمط القيادي.
 - أخيراً، اختتم بوصفاً موجزاً لأسلوبك الشخصي في القيادة ومدى فعاليته بالنسبة لك.

مع تمنياتي بالتوفيق....

I would like to take this chance to write about my previous project manager in current company Mr. **Shahid Bashir**, this guy has a lot of credit on me, I was transferring for the first time from Engineering department to project department to join as project engineer in one of Saudi Aramco project when I met him for the first time, from that moment on he left a good impression as he is very humble, good listener, intelligent, alert and honest really there is no words to describe him, and because of him, I'm now procurement department manager. His leadership style was mainly laissez-faire style, he was allowing the team to work as they want with complete freedom and with minimal interference, he was trusting us and always he was telling me (I'm letting you to show off so later on the management will recognize you).

Mr. Shahid always let us lead the meetings with client & giving the updates to the management, he has other style of leadership which is democratic as he was taking the final responsibility in front of our management and client as well.

The key personnel of the team working with Mr. Shahid, all of them were self-motivated & well experienced so that is why in my opinion his style was somehow successful, but on other hand for newly joined Engineers Laissez-faire style was not workable as they need someone to guide them, Mr. Shahid was depending on the key personnel available in the project to do so.

For me, since I am being promoted to be the procurement department manager, I'm using a democratic style of leadership with the team, I'm involving the team in the process, but I have the final say on decisions, I used this style to build trust with the team sometime. Sometimes I am using coaching style of leadership especially with fresh engineers joining the team. Finally, since I joined the department, the performance was increased as team engaged fully & feel the responsibility.
