

- Emphasize the limitations of existing solutions proposed to address the research problem
- Ensure that the research objectives are aligned with the identified research challenges, and use more appropriate action verb for objective #1 and #3

Research Methodology in Computer Science (AI800)

Assignment 2 Rubric

Weighting: 30%

26/30

Criteria	Marks	Description
Problem Statement (14 marks):		
Clarity	4	The problem statement is clear and concise, and the reader can easily understand the research problem. It should be free from ambiguity. ⁴
Relevance	5	The problem statement addresses a significant research issue or gap in the field, and its relevance to the broader context is evident. ⁵
Specificity	5	The problem statement is specific and well-defined, focusing on a single, clear research question or issue. ³
Research Objectives (13 marks)		
Alignment	4	The research objectives are directly related to the problem statement and are designed to address the identified research problem. ³
Clarity	4	Each research objective is clearly stated and is easily understood. The objectives should be free from ambiguity. ⁴
Measurability	5	The research objectives are framed in a way that allows for measurement and evaluation, and it is evident how they will contribute to achieving the research goal. ⁴
Other criteria (3%)		
Language, Grammar, and typo	3	The text follows proper grammatical rules, including subject-verb agreement, tenses, and sentence structure. Furthermore, text is free from spelling errors, typos, and other typographical mistakes. ³
